OPEN BURN VEGETATIVE WASTE STANDARD CONDITIONS

1. The permission to burn in no way relieves the permittee of their obligation to comply with any other local, county, state or federal rules or regulations.
2. This application becomes the burn permit once signed by the designated Department of Natural Resources representative. Before any burning takes place, the permittee must submit to Department of Natural Resources Regional Office, a completed application signed by a representative of the local Fire District.
3. A representative/employee of permittee shall be present during all burning to ensure compliance with this permit and to make certain the fire(s) are out after 5:00 p.m.
4. Only tree trunks, tree limbs, leaves and brush originating on the site may be burned.
5. The distance from the burn site to the nearest occupied structure (residence or business) must be greater than 200 yards.
6. Burning will take place only between 7:00 a.m. and 5:00 p.m.
7. Should a problem arise from the burning, such as a public health hazard, nuisance, or a hazard to vehicular or air traffic, the permittee must correct the problem immediately.
8. This permit is effective for 60 days from the date issued.
9. This permit will be revoked immediately for failure to fully comply with any of the conditions and restrictions.
10. The permittee shall notify the local fire department each day before starting any burning.
11. Any other permits required by the State of Missouri Department of Natural Resources (i.e. NPDES Land Disturbance Permits) must be applied for and obtained. Failure to do so may result in termination of this permit. Please contact your local Regional Office regarding other possible permitting requirements.
12. Permittee authorizes Department of Natural Resources personnel to enter the site at any time during the term of this permit for inspections and permit compliance determinations. If this permit is terminated or revoked for any reason, a full application must be resubmitted.

SPECIAL CONDITIONS

All tree and vegetation materials suitable for other uses such as fireplace wood, posts, saw logs, etc. should be removed prior to burning.
